DETAILED ACTION

Examiner's Statement of Reason for Allowance

Claims 1-47 and 74-96 are allowable over the prior art of records.

The following is an Examiner's statement of reasons for the indication of allowable subject matter: Claims 1, 16, 35, 46, 47, 74, 81, 92, 95, and 96 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior arts.

The reason for allowance for claims 1, 16, 35, 46, 47, 74, 81, 92, 95, and 96 is the inclusion of causing said failed process to execute on said second network node as a new process having a corresponding monitor executing on said first network node, while the remaining processes continue to execute on said first network node in conjunction with the rest of the limitation set forth in the claim.

The remaining claims, not specifically mentioned, are allowed because they are dependent upon one of the claim mentioned above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance.
